# INSTALLATION

## **VST2 Version:**

Install with setup. This will create a “Ronan Fed\RF-SoundFont” folder in your 64-bit plugins folder.

By default: **C:\Program Files\Vstplugins\Ronan Fed\RF-SoundFont**

Open your DAW and search for new installed plugins.

## **VST3 Version:**

Install with setup. This will create a “Ronan Fed\ RF-SoundFont” folder in your VST3 system folder.

By default: **C:\Program Files\Common Files\VST3\Ronan Fed\RF-SoundFont**

Open your DAW and search for new installed plugins.
